

Privacy Policy for Toond.ai

Last updated: January 06, 2025

1. Introduction

Welcome to Toond.ai (“we,” “our,” or “us”). This Privacy Policy explains how we collect, use, process, disclose, and safeguard information when you use the Toond.ai application, browser extensions, APIs, and related services.

2. Information We Collect

We collect user-provided personalization data, contextual inputs, generative AI prompts and outputs, feedback signals, and optional user-supplied API keys. We may also collect limited technical and usage data automatically.

3. How We Use Your Information

Information is used to analyze AI outputs, generate improved prompts, personalize results, operate and improve the service, and ensure security and reliability. User data is not used for generalized AI training unless explicitly stated.

4. Data Processing and Third-Party Providers

By default, data may be processed by Toond.ai servers and third-party AI providers. Users may optionally supply their own API keys for enhanced privacy and control, in which case third-party policies apply.

5. Data Storage and Security

We employ reasonable administrative, technical, and organizational safeguards including encryption, access controls, and monitoring practices.

6. Data Retention

Data is retained only as long as necessary to provide the service, comply with legal obligations, and improve platform functionality.

7. Your Rights

You may request access, correction, deletion, restriction, or portability of your personal data, subject to applicable laws.

8. Third-Party Services

Toond.ai integrates with third-party providers strictly to deliver service functionality. We are not responsible for third-party privacy practices when users supply their own API keys.

9. Policy Updates

We may update this policy periodically. Continued use of the service constitutes acceptance of any changes.
